INVICORATING CORDIAL

as well as by eminent Physicians in this country.
only infallible remedy for NERVOUS, HEAD, and as well as by eminent Physicians in this country. It is the only infallible remedy for NERVOUS, HEAD, and MIND COMPLAINTS—the mental physic so long sought for and never before found—the only agent that can administer to MIND DISHASES. It will remove all nervous affections, DEPRESSION, EXCITEMENT, incapacity to study or business, loss of MEMORY, CONFUSION, thoughts of self-destruction, fear of insanity, &c. It will restore the appetite, renew the health of those who have destroyed it by Sensual Excesses or evil practices. It has been said by some that these disorders, emissions, &c., were incurable. This, however, is not the fact.

DR. MORSE'S INVIGORATING CORDIAL has cured, and is constantly curing, these complaints—relieving the

and is constantly curing, these complaints—relieving the mental and bodily incapacity of the unfortunate sufferer, as the following testimony of the names received will conclu-

the following testimony of the names received will conclusively show:

Dr. Woodward, of ——, Massachusetts Insane Hospital. writes of one of his patients being cured by using this Cordial thus: "It gives me pleasure to inform you that one of my patients, while in Boston, procured some of your Cordial. He tells me that he has not had a single emission since he commenced taking it, while before he had two or three a week. When he applied to me," says Dr. W., "I thought it hardly possible for him ever to regain his full strength. I prescribed the usual medicine used in those cases in the hospital, but they had no effect. In the mean time he purchased some of your Cordial, which has effected a cure I am sure no other medicine would. I shall ever recommend it, whenever an opportunity occurs."

The nature of the maladies relieved by this Cordial are generally such as to leave the publication of certificates of cures out of the question. The proprietor could produce a host of the most conclusive testimony to show that the great reputation it enjoys was not accidentally obtained, but is

f the most concusive testimony to snow that the greation it enjoys was not accidentally obtained, but is based upon its positive and apparently miraculous s. In all directions are to be found the happy parents

have not, in a single instance that has been authenticated, given their sanction to any other preparation for the above complaints. It has, in many violent and desperate cases, effected radical cures, after patients had been abandoned, and their condition pronounced hopeless by medical practitioners of high preciously despendent. and their condition pronounced hopeless by u tioners of high professional character. THE COMMON EXPRESSION

of those who have used this Extract is: "I had heard your Cordial highly spoken of, but was one of the incredulous in regard to its merits, having tried various medicines sold for the same purpose, (different Sarsaparillas,) without deriving any benefit. I had almost given up all hope of obtaining relief, when I purchased some of your Cordial. I had no faith whatever of its benefiting me—but it has. I feel stronger, have had no emissions since, although it is not three the ks. I am satisfied that the half a dozen bottles I took wiff sure me."

Another says: "I had consulted several distinguished physicings. Some said I

cured me."

Another says: "I was surprised at the effect your Cordial had. Why had I not heard of it before? It would have saved me so much expense, besides years of mental and bodily suffering."

CAUTION.—Ask for Dr. Morse's Cordial, and take no other, as there are worthless initations which its unrivalled excellence, fame, and popularity have brought into the market. It will not hurt the most delicate female, but do good. Beware of all other Cordials, &c., and try only this. It is put up in pint bottles, with the words Dr. MORSE'S INVIGORATING CORDIAL blown on the glass. Price \$3 per bottle; two bottles, \$5; six bottles, \$12; and \$24 per dozen.

PR. JOHNSTON
PROCLAIME TO THE AFFLICTED
That he has discovered the most certain, speedy and efficacious plan of treating
SECRET DISEASES
that has ever yet been presented to the world. By his plan,
founded on observation made in the Hospitals of Europe
and America, he will insure
A CURE IN TWO DAYS,
OR NO CHARGE.

No Mercury or Nauscons Drugs used.

Weakness, Loss of Organic Powers, Pains in the Loins, Disease of the Ridneys, Affections of the Head, Throat, Nose and Skin, Constitutional Debility, and all those horris affections arising from a Certain Secret Habit of Youth, that solitary practice, more fatal to its victims than the song of the Syrens to the mariners of Ulysses—blighting their most brilliant hopes or anticipations, rendering Marriage, etc., impossible.

A CURE WARRANTED, OR NO CHARGE.

Young Men especially, who have become the victims of
Solitary Vice, that treadful and destructive habit which annually sweeps to an untimely grave thousands of young
men of the most exalted talents and brilliant intellect, who
might otherwise have entranced listening Senates with the
thunders of eloquence, or waked to cestacy the living lyre,
may call with full confidence.

MARRIAGE.

Married persons, or those contemplating marriage, being
sware of physical weakness, should immediately consult Dr.
J., and be restored to perfect health.

DR. JOHNSTON,
Member of the Royal College of Surgeons, London, Graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the Hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known. Many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

Dr. J. addresses all those who have injured themselves by private and improper indulgences, that secret and solitary habit, which rule both body and mind, unfitting them for their balances or secret.

These are some of the sad and melancholy effects produced by early habits of youth, viz. Weakness of the Back and Limbs, Pains in the Head, Dinness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c., &c.

Mentally.—The fearful effects on the mind are much to be dreaded. Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Society, Self Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

Love of Solitude, Timidity, &c., are some of the evils produced.

NERVOUS DEBILITY.

Weakness of the system, Nervous Bebility and premature decay generally arise from the destructive habit of youth, that solitary practice so fatal to the healthful existence of man, and it is the young who are most apt to become its Victims, from an ignorance of the dangers to which they subject themselves. Parents and Guardians are often misled with respect to the cause or source of disease in their sons and wards. Alas! how often do they ascribe to other causes the wasting of the frame, Palpitation of the Heart, Dyspepsia, Indigestion, derangement of the Nervous System, Cough, and Symptoms of Consumption; also those serious Mental effects, such as loss of Memory, Depression of Spirits, or peculiar fits of Melancholy, when the truth is, they have been caused by indulging in Pernicious but alluring practices, destructive to both Body and Mind. Thus are swept from existence thousands who might have been of use to their Country, a pleasure to their friends, and ornaments to Society.

DR. JOHNSTON'S INVIGGRATING REMEDY FOR OR.

their Country, a pleasure to their friends, and ornaments to Society.

DR. JOHNSTON'S INVIGORATING REMEDY FOR ORGANIC WEAKNESS.

This grand and important Remedy has restored strength and vigor to thousands of the most debilitated individuals, many who had lost all hopes, and been abandoned to die. By its complete invigoration of the Nervous System, the whole faculties become restored to their proper power and functions, and the fallen fabric of life is raised up to beauty, consistency and duration, upon the ruins of an emeciated and premature decline, to sound and pristine health. Oh, how happy have hundreds of misguided youths been made, who have been suddenly restored to health from the devastations of those terrific maladies which result from indiscretion! Such persons, before contemplating

MARRIAGE,
should reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without this, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the nind becomes shadowed with despair, and filled with the melaucholy reflection that the happiness of another becomes blighted with our own. Let no false delicacy prevent you, but apply immediately.

He who places himself under the care of Dr. Johnston

guaranty that the afflicted will find a skilful and honorable physician.

TAKE NOTICE.

It is with the greatest reluctance that Dr. Johnston permits his card to appear before the public, deeming it unprofessional for a physician to advertise; but unless he did so, the afflicted, especially strangers, could not full to full into the hands of those imprudent, boasting impostors—individuals destitute of knowledge, name, and character—pedlars, shoemakers, mechanics, &c., advertising themselves as physicians; ignorant quacks, who keep you triffing month after month, as long as possible, and in despair leave you with ruined health to sigh over your galling disappointment. It is this motive alone that induces Dr. J. to advertise, for he alone can cure you. To those unacquainted with his reputation he deems it necessary to say, that his credentials or diplomas always hang in his Office.

Weakness of the Organs immediately cured, and full vigor restored.

DOCTOR HARTLY, AURIST, from the Ear Infirmary, 99 Arch street, Philadelphia, begs to announce his return to this city for a few days. The number and importance of the cases under his care, on his recent visit, and the gratifying amount of success which attended his treatment, have induced him to expedite his return. His stay here will depend much upon efreumstances; and it will be advisable for those who wish to consult him to make an early call. READ AND BE WISE!

THE celebrated German and Indian Physicians, Doctors BROTHERS & GRAY, have established a permanent medical office in this city, after having travelled the world over in search of knowledge; and, having spent seven years among the Indians for the purpose of getting a thorough knowledge of botany, they flatter themselves qualished to alleviate and cure slicomplaints to which the human family are subject. We flatter ourselves that, without asking a question, we will tell all who favor us with a call their complaints and symptoms, and guaranty an easy and speedy cure. A decided advantage we have over other medical men is in the manner we determine the nature and location of the disease, which is by the urine. We require at least two ounces of the first in the morning. The many facilities afforded us by hospital and private practice in this and foreign countries warrant us in assuring those who are suffering from disease that our treatment is attended with unusually favorable results: for, "to know the disease half the cure." The Doctors' medicines are wholly vegetable, and prepared by themselves.

The Democracy and the Compromise. meeting was most harmonious and spirited, and We quote the following from the Southern quietly dispersed soon after. Press of vesterday :

We have received the following from one of the ablest and most distinguished men of the South. It is one of the most withering commentaries on the Compromise we have yet seen; and although it comes rather mal apropos a the present time, we do not feel ourselves at liberty to withhold it. We could not say anything so cruel ourselves:
"THE SECEDING WHIGS.—I think the Whigs

who bolted from the Whig caucus and published an address to justify their course decidedly in the wrong, which will plainly appear from the following extract from their address. After speaking of the Missouri compromise, and alluding to the 'adjustment' of 1850, they say: "'A new compromise was made worthy the

balance of power, was yielded by the slavehold-ing States, and the reins of empire were delivered up to the free States by the admission of Cali-fornia into the Union.' "This is true, shamefully true, and shamelessly avowed. And by whom was this done? By the very men who now trumpet forth their

own shame and the degradation and ruin of their own section of the country.
"But this was not the language held in Mississippi, Alabama, Georgia, &c., in 1851. Then the Compromise was a just and liberal and fair settlement of the vexed questions between us and

our Northern brethren.
"What submissionist told the people that the reins of empire were delivered up by the slaveholding States?'
"But this is not my object. I started to show

that the seceders were wrong. What right have they who have surrendered the reins of empire to the North to claim to control the South? "To assume to do so is to reverse the natural

order of things, and at the same time lose all the merit of their inglorious surrender.
"These men knew as well two years ago as they do now that it was abolitionism which grasped all the territory conquered from Mexico. the reins of empire, for which there was no ploded charge of "bargain and corruption"

"Men who deliver up the reins of empire" oppose the right of secession, and denounce those without murmuring. They are in a state of voluntary serfdom; and they should bear in mind brings misery on himself."

furious rate, and affect a frantic delight at the and faithful testimony,' as he termed it, which I overthrow of all their prominent men and the now have here to show nomination of one hitherto unknown. This is [Colonel Benton reasons.] very remarkable. For months and years, Cass. Buchanan, Douglas, Butler, Houston, Marcy, have been held up to the country, by the various members of the party, as the first and foremost states-men of the age; and now that all of them have been unceremoniously set aside, the joy of the whole party knows no bounds. It certainly is a curious spectacle for the contemplation of reflecting men. "The king is dead—long live the king!" is the common exclamation on the demise of one and the accession of another monarch in monarchical governments. But that does not preclude becoming funeral honors for the defunct. In this case, however, all the common decencies are disregarded. The illustrious defeated are not only overslaughed and spit upon, but they are forced to walk in procession and throw up their caps in honor of their obscure and

insignificant conqueror. The paths of Democratic glory lead but to defeat. The strength of the ticket is of an entirely negative character, and that doubtless recommended its adoption. It was supposed that Gen. Pierce's career, having been very obscure, was thereby shielded from attack, and the adversary party would be compelled to occupy a defensive attitude throughout the campaign. It is true that Gen. Pierce has shed no dazzling blaze of glory upon his course; but he has been a member of if he be, what of it? Desirable as the Republic Congress, and in Congress the ayes and noes are itself is to the Whig party, Gen.
